PROFESSIONAL EXPERIENCE

MONITOR DELOITTE

Boston, Massachusetts

Manager - Strategy

Fall 2023 - Present

Liam brings a techno/functional perspective to AI transformation and tech strategy projects, working closely with fortune 500 clients to define and implement enterprise AI strategies in close collaboration with both business and tech leaders

- Directed multi-million-dollar Gen AI transformation engagements, managing cross-disciplinary teams of PhDs, analysts, and engineers to redesign business models and organizational structures for Fortune 500 clients
- Designed and scaled enterprise AI data and reporting workflows - combining both autonomous systems with human-in-the-loop oversight - improving accuracy and reducing processing time for our clients
- Served as Change & Adoption Lead for Deloitte's Strategy practice of ~1,000 consultants, defining standard ways of working across project archetypes, and driving adoption of tech-enabled accelerators to modernize delivery
- Delivered board-level and C-suite presentations on AI strategy, data operations, and performance outcomes, influencing investment and adoption decisions at scale

ASTIA FUND

Remote

MBA Investment Intern

Fall 2022 - May 2023

The Astia Fund invests in Series-A - Series B, high-performing, women-led companies that solve global problems

- Led due-diligence and performance evaluation of ventures sourced through Astia's 'Expert Sift' database
- Published a deal memo leading to a \$1M Bridge to Series B investment for a woman led, high impact company
- Co-led the design of a \$20M fund model for a new investment arm dedicated to investment in black women and Latina founders & CEOs, and presented to Astia's Managing Partners for feedback and approval

OVERDOSE GUARDIAN - YALE STARTUP

New Haven, Connecticut

Founder & Business Lead

Fall 2021 - May 2023

Health-tech startup committed to the design of a machine learning powered wearable biosensor that can instantly detect opioid overdose-events and notify first-responders. Our mission is to prevent opioid-induced overdose deaths

- Founded and scaled a health-tech startup; led business development, structured fundraising strategy, and secured \$80K in competitive non-dilutive grants to support AI-powered product development
- Awarded the 2023 VentureWell E-Team Grant and accepted to the Propel early-stage innovator training program

DELOITTE CONSULTING, LLP

Boston, Massachusetts

Senior Consultant, Strategy and Analytics

2021

- Co-led the design of a technology modernization schedule, outlining a 5-year, \$200M+ investment plan

Consultant, Strategy and Analytics

2019 - 2021

- Managed a team of 5 developers to replace 3 legacy reporting systems with a best-in-class billing analytics application, decreasing both training & operating costs and achieving \$3M in estimated savings

Business Technology Analyst, Strategy and Analytics

2017 - 2019

- Co-Led the mid-market research team to identify and publish emerging trends & disruptive activities in Healthcare
